

# BACK TO SCHOOL MISSION

JUMPSTART YOUR WEEK WITH A REAL-WORLD CHALLENGE THAT SPARKS CREATIVITY, CRITICAL THINKING, AND INVENTION! THIS MISSION IS DESIGNED TO TURN BIG PROBLEMS INTO BRIGHT IDEAS THAT SHAPE OUR WORLD.

**THE PROBLEM TO SOLVE IS..**

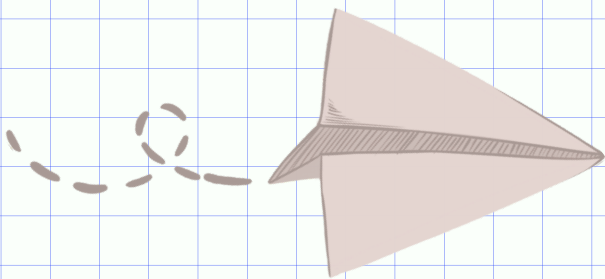

**How can we make the first weeks of school more fun, organized, or stress-free for students and teachers?**

**Mission Details:** Back-to-school season can be exciting –but also a little overwhelming! New routines, supplies, classrooms, and people to meet. What if you could invent something to make it all smoother and more fun?

## **Your Challenge**

Design a product, system, or tool that helps students or teachers have an easier and more enjoyable start to the school year.

## **Need Inspiration?**

- A backpack organizer that tells you what you forgot
- A classroom comfort station for students who feel nervous
- A teacher-friendly tool for learning student names quickly
- A schedule planner that talks or sends reminders
- A “get-to-know-you” invention to help classmates connect.
